

I have been a loyal listener of XM Radio for close to three years now and I find it to be both entertaining and informative. Their weather and traffic stations, while new, provide accurate up to date information. I listen to them in place of any local radio stations.

I urge you to reject NAB's petition 04-160.

XM serves the public, and serves it well. NAB wants to protect their stations to the exclusion of the public.

Thank you for your time & consideration.
